## MIND READING, MEMORY & MAGIC

**SHOW #2**

**YOU DON'T MIND, I DON'T MATTER.**

Are you are intrigued by the unknown, and fascinated by psychics, soothsayers and mind readers? The big question is, "Is it real?" Years ago Wolfgang became bored with the stereotypical mind reading effects performed by magicians, and decided to study psychology, cold reading and memory techniques, creating his own unique and entertaining theatre of the mind. He will make you believe through thought-provoking mental effects that will leave you gasping. However... he will openly always concede that these are merely clever deceptions designed to entertain and enthrall you!

CALL IT WHAT YOU LIKE...

**EMCEE / LINK MAN/ PRESENTER**  
**MASTER OF CEREMONIES / PROGRAM DIRECTOR**

In today's "seen it all" conference market, you not only need a Link Man that's **versatile** enough to **adapt and change** around **your requirements**, but someone who can offer you a unique experience irrespective of any unforeseen happenings, plus have fun at the same time. He understands how to read and capture his audience, and has been described as an emcee with a funny, yet **'warm, commanding presence!'** Of course, if you are hosting a formal black tie event requiring a sophisticated presenter who adheres strictly to the protocol of the evening, he'll be flawless.

## MAGICIAN OF CEREMONIES

A funny magical emcee, link man or program director that keeps the audience awake and enthralled. Yet keeps the focus on the event at hand. Roadshows, Symposiums, Gala Evenings, Conferences, and Strategic Planning Sessions. The magic occurs every time Wolfgang is on stage where he successfully mixes information and entertainment [Info-Tainment]. He ensures variety and stimulates the delegates minds so that their focus and attention is where you want it to be. Every insert throughout the event will relate to the next speaker or theme.

**CORPORATE EVENTS, ROAD SHOWS, CONFERENCES & GALAS, PRODUCT LAUNCHES, STRAT SESSIONS & MEETINGS**

## DID YOU KNOW?

It is often wrongly assumed that most speakers and entertainers can take on the role of emcee. Nothing could be further from the truth! Delivering a choreographed rehearsed performance is completely different to standing on stage and having to think on your feet, handling any eventuality, plus realising that as a host, it is not about you, but about the company and people you welcome onto stage.
